FIXED ARCHITECTURAL CANOPY

Frontier

Permanent, welded, architectural — for openings that need cover year-round.

MANUFACTURED IN MILLDALE, CONNECTICUT

FIXED ARCHITECTURAL CANOPY

SOLARSHIELD · WHOLESALE TO AUTHORIZED DEALERS

THE CASE

Why it sells.

Frontier is the fixed canopy line: entrances, windows, walkways, and commercial exteriors that need permanent cover and a finished architectural edge. Welded rather than thru-fastened, which is a cleaner product on the wall and a simpler install in the field.

Welded, not thru-fastened	A welded assembly means fewer exposed fasteners, a cleaner finished appearance, and a simpler field installation than a bolt-together canopy.
Specified, not just sized	Size, color, finish, decking, profile, drainage, and mounting are all specified per project — so Frontier quotes against an architect's detail rather than a catalog page.
Nothing to operate	No motor, no fabric to retract, no seasonal routine — the low-maintenance argument that suits property managers and commercial owners.

SPECIFICATION

In detail.

01

Fixed architectural canopy system

A permanent canopy solution for shade, weather protection, curb appeal, and architectural enhancement.

02

Custom sizing

Available in custom sizes based on project requirements. Dealers should confirm dimensions, structure, mounting, drainage, and project goals.

03

Extruded aluminum construction

Fabricated using extruded aluminum for strength, durability, and long-term outdoor performance.

04

Welded construction

Welded rather than thru-fastened, for simplified field installation and a cleaner finished product.

05

Custom colors & finishes

Customizable colors and finishes to match commercial buildings, storefronts, offices, and residential exteriors.

06

Drainage options

Drainage options are available to manage water runoff based on project design and installation conditions.

07

Mounting, decking & profile options

A variety of mounting, decking, and profile choices for different architectural needs.

08

Dealer sales advantage

A permanent canopy product offering durable weather protection, architectural style, low maintenance, and a strong exterior upgrade.

WHERE IT FITS YOUR BOARD

Best for.

- Building entrances and lobbies
- Storefronts and walkways
- Window and door cover
- Owners who want low maintenance

FABRIC

This line publishes no mill list. Confirm the current range against your fabric books rather than against another line in the catalogue.

PRICING, TERMS AND WARRANTY

Wholesale pricing, minimum orders, lead times and the complete warranty terms are set out as part of the dealer package rather than published. They are covered directly on the first call — ask and you get the answer, not a sales sequence.

DEALER PROGRAM

Carry the line.

SolarShield manufactures in Milldale, Connecticut and sells wholesale through authorized dealers. We take orders from dealers rather than from homeowners — there is no consumer price list, and homeowner enquiries that reach us are referred out to a dealer. Wholesale pricing, lead times, territory and the full warranty terms are covered on the first call rather than after a sales sequence.
