LATERAL-ARM RETRACTABLE AWNING

SOLARSHIELD · WHOLESALE TO AUTHORIZED DEALERS

THE CASE

Why it sells.

Legend is the dependable lateral-arm retractable for dealers who need one product that covers most of the board — patios and decks through storefronts, outdoor dining, offices, and event spaces. Shade on demand, no front support poles, nothing permanent to engineer around.

Versatile across the board	One product line that quotes credibly for a backyard patio and a restaurant frontage. Fewer SKUs for a dealer to learn, and fewer jobs that need a different manufacturer.
No front posts	The lateral-arm design carries the projection off the wall, so the space underneath stays completely open — usable for tables, traffic, and furniture.
Branding-ready	Custom colors, fabric selection, and branded designs are all supported, which turns a shade sale into a curb-appeal and visibility sale for business customers.

PRICING, TERMS AND WARRANTY

Wholesale pricing, minimum orders, lead times and the complete warranty terms are set out as part of the dealer package rather than published. They are covered directly on the first call — ask and you get the answer, not a sales sequence.

DEALER PROGRAM

Carry the line.

SolarShield manufactures in Milldale, Connecticut and sells wholesale through authorized dealers. We take orders from dealers rather than from homeowners — there is no consumer price list, and homeowner enquiries that reach us are referred out to a dealer. Wholesale pricing, lead times, territory and the full warranty terms are covered on the first call rather than after a sales sequence.
